Istanbul - Turkey

Languages

English / Upper-Intermediate
Turkish / Native Language

Work Experience

04.2024-08.2024	METARIOM SOFT - VR GAME DEVELOPER Developed VR projects at Metariom Soft using Unity and Unreal Engine, gaining technical skills, remote work experience, and cultural insights.
08.2024-12.2024	COCRM INTERNSHIP - DATA MINING Conducted data mining and analysis at Cocrm using Python, crawling systems, NumPy, and Pandas to process large datasets and extract insights.
2024-Present	MARUNGPT: AI-POWERED UNIVERSITY ASSISTANCE SYSTEM Developed MarunGPT at university using Python, NLP techniques, and Elasticsearch to assist students by answering university-related queries. This project enhanced my skills in natural language processing, data retrieval, and creating user-centric, AI-driven solutions for complex information systems.

Education

2022-Present	MARMARA UNIVERSITY STATISTIC, ISTANBUL Bachelor's Degree in Statistic
2018-2022	SISLI ANATOLIAN HIGH SCHOOL, ISTANBUL High School

Skills

Programing Language Experiences

Python, R, JavaScript, Swift, .NET

Data Science Experiences

Machine Learning, Data Visualization, Reinforcement Learning, NLP

Data Analysis Experiences

Excell, Power BI, Tableau

Tools Experiences

Numpy,Pandas,OpenAi,TensorFlow, SQL, Elasticsearch

Soft Skills

Communication, Problem-Solving, Team Collaboration
